Erzsébet Királyné Szépészeti Technikum

Budapest, 28 May, 2025

To whom it may concern,

Mr. Ádám Perényi (born in Budapest, August 13, 1975; mother's name: Éva Káplár) has been active in the beauty industry for many years as a master hairdresser and practical trainer. I would like to express my full support for his visa application and briefly outline his professional background and dedication to vocational training.

Between 2006 and 2020 Mr. Perényi regularly mentored hairdressing and cosmetology students, who completed their practical training in salons managed by him. As an instructor, he not only oversaw the daily professional development of his trainees, but also served as an examiner and organized career orientation events — particularly in his salon in Pest, where he held workshops and educational programs for young aspiring professionals.

From 2006 to 2019, an average of 10 to 20 hairdressing and cosmetology students took part in practical training in his Pest salon every year, including mid-year rotations. Additionally, between 2016 and 2020, he trained 16 cosmetology students annually in his Buda salon, amounting to approximately 60 students over four years. Altogether, an estimated 200–220 students received training under his guidance in both salons, many of whom have since become successful professionals.

I provide this recommendation with confidence that Mr. Perényi will be able to utilize his extensive professional expertise, dedication, and sense of responsibility to support and strengthen the wellness and beauty industry in Mauritius. His experience in vocational education can contribute significantly to the training and development of the local workforce. I firmly believe his presence would add real value to the country's tourism and economic growth.

Yours faithfully,

Farkas

Ms Magdolna Farkas
Director of the Budapest Complex
Vocational Education and Training Center
